

WORLD WAR III

Do you doubt that we are in a war in our nation, and in the entire world? Not a war of our troops vs. their troops pushing against each other, shedding much blood and destroying the landscape. That kind of war seems to have gone by the wayside after Korea in the 1950's and Viet Nam in the 60's and 70's.

We do still have wars and battles that involve blood and death in different places around the world: Afghanistan, Iraq, Syria, and other charming places, and increasingly they are wars against an enemy that doesn't fight according to commonly accepted Rules of Engagement, but who hide among civilians or commit acts of terror on both military personnel and civilians.

The World War III I'm talking about is mostly a spiritual war, a mega battle between the spirit of Evil, aka "Satan" or "the Enemy", and God Himself. If you aren't looking up and paying attention to these unseen realities, you might miss it.

However, after the unbelievable smear job and character assassination we've had to witness over the last few weeks against Judge Brett Kavanaugh, I don't know how anyone could miss it. That spectacle shows in stark reality the evil spirits yapping and shrieking against any and all things decent and honorable.

The attackers, mostly Leftist

Democrat Senators, act almost like hollowed out souls filled with the poison of anger, hatred, power lust, and personal animosities. What

they thought they had under control – virtually all of the apparatus of the U.S. Government agencies and bureaucracies – are in danger of being ripped away from them and returned to the Constitutional foundation of liberty and justice FOR ALL, of common sense thinking, of equality of access to the American Dream. Thus these minions of the Enemy lose their grip on the levers of power and wealth, and God's side gains a victory. The Enemy cannot stand that. So they scream

and shriek and lash out with ugly speech and uglier lies.

I find it almost unbearable to watch. Don't you? The lies they try to sell us are so grossly unfair and obviously outrageous that it is laughable, and yet many people actually swallow the lies. Their own souls have been hollowed out by years of indoctrination by the schools, by the media, and by the "entertainment" industry. If you find yourself on the side of the shrieking demons, pray to God that He help to straighten you out.

Mark Davis, a radio talk show host and commentator, wrote in Townhall.com: *"It is not merely an attack on the man; it is an attack on fundamental American virtues. 'Innocent until proven guilty' is not just a courtroom precept; it is a recognition of a basic right of anyone accused of anything. . . . The Kavanaugh battle is now a struggle for our national soul. Will we become the kind of society that permits reckless smears to destroy lives? Will we allow partisans to suspend the basic rules of fairness to savage their chosen enemies?"*

Another battlefield in this war is right here in California. The governor and legislators are passing laws right and left that serve their agenda no matter what damage it does to the citizens. Because of some of the highest taxes in the nation, many "Normals" (us) have fled the state to move to other states with more sensible governments.

This State government is trying to disarm us using end runs around the 2nd Amendment, thus stripping us of the right to defend ourselves. We can barely sell ammunition anymore due to stringent regulations that make it very difficult to buy or sell it. There is a ballot initiative that would impose rent control on landlords, making housing more expensive and less available. In the name of "goodness" or "compassion", there are more homeless people in California than anywhere else in

the country. We are forced to place ridiculous and meaningless warning labels on products (Prop. 65), which increases the price and limits availability as suppliers decline to bring their products into California. Laws are being passed to prevent parents from deciding what kind of morality their children are being taught in the schools. The list of jaw-dropping idiocy and evil is endless.

These same forces of the Enemy are behind all of the turmoil in the Middle East and elsewhere. Christians have been beheaded and murdered by other grisly means. People are chased from their homes only to return years later and find a moonscape of destruction. Innocent civilians are caught between rebel groups with differing agendas and so live in tents with little or no food, medicine or clothing. The Iranians' economy is crumbling as they suffer a terrible drought while their government spends their resources attacking Israel and us. Again, the list is endless.

Notice the word "evil". In our hearts, we know this stuff is evil. We know God hates it. We know He will win in the end. We know it's a war. Which side are we on? Which side am I on? God help me, I am on HIS side, to the death if necessary, and may He show me how best to fight for Him against this stuff.

"Finally, be strong in the Lord and in the strength of His might. Put on the whole armor of God, that you may be able to stand against the schemes of the devil. For we do not wrestle against flesh and blood, but against the rulers, against the authorities, against the cosmic powers over this present darkness, against the spiritual forces of evil in the heavenly places. Therefore take up the whole armor of God, that you may be able to withstand in the evil day, and having done all, to stand firm." (Ephesians 6:10-13)

ON THE LIGHTER SIDE

Contributed. From the Web.

8:00 am I made a snowman.

8:10 A feminist passed by and asked me why I didn't make a snow woman.

8:15 So, I made a snow woman.

8:17 My feminist neighbour complained about the snow woman's voluptuous chest saying it objectified snow women everywhere.

8:20 The gay couple living nearby threw a hissy fit and moaned it could have been two snow men instead.

8:22 The transgender ma..wom... person asked why I didn't just make one snow person with detachable parts.

8:25 The vegans at the end of the lane complained about the carrot nose, as veggies are food and not to decorate snow figures with.

8:28 I am being called a racist because the snow couple is white.

8:31 The Muslim gent across the road demands the snow woman wear a burqa.

8:40 The Police arrive saying someone has been offended.

8:42 The feminist neighbour complained again that the broomstick of the snow woman needs to be removed because it depicted women in a domestic role.

8:43 The council equality officer arrived and threatened me with eviction.

8:45 TV news crew from the ABC shows up. I am asked if I know the difference between snowmen and snow-women? I reply, "Snowballs" and am now called a sexist.

9:00 I'm on the News as a suspected terrorist, racist, homophobe sensibility offender, bent on stirring up trouble during difficult weather.

9:10 I am asked if I have any accomplices. My children are taken by social services.

9:29 Far left protesters offended by everything are marching down the street demanding for me to be beheaded.

Moral: There is no moral to this story. It's just the world in which we live today and it is going to get much worse.
