

RETURN TO NORMAL?

Are you wishing that things would return to normal, the way they were about two years ago, when all hell broke loose? That's when we began to spiral downward and out of control as a nation and as an entire world. That's when our lives were overtaken by a virus, which became the vehicle for power-mad politics to live out their fantasies of total control over the rest of us. That became the green light for advocates for a one-world political system, a one-world economy, and the abolition of borders to come together and roll out ideas and plans they have been cooking up together for years.

Do you, do I, even remember what "normal" was like two years ago? It's amazing how quickly things fad into our rear-view mirrors so that they become fuzzy and indistinct. On a recent Sunday "Prophecy Update" sermon, Pastor JD Farag of Calvary Chapel, Kaneohe, Hawaii, reviewed what normal was, or, in other words, what would have to change back to restore the normal we thought we enjoyed. Here is a summary of his list of things that would have to change back, with some of my comments thrown in.

1. No "vaccines", or better referred to as injections (jabs) utilizing experimental gene therapy with little or no research or testing to assure the lowest possible risk of adverse effects. There also would be no requirement to wear masks virtually anywhere.
2. No one would be concerned about bad reactions to this jab, even dying from it.
3. The agenda of Satan and his minions would still be in hiding in the satanic closet. No longer would we see his full court press to trap as many people as possible in his web of deceit.
4. No longer would we be seeing 10's of thousands of people dying with or from Covid. The flu would return to its throne of the worst illness that winter can bring. As it is, flu has all but disappeared behind the fake label of Covid 19.
5. The global economy and supply chain would be restored. The

shelves in our store would be full again. No longer would there be long waits for parts to that new car we chose or that old one we want to fix.

6. There would be an admission of massive deception on a global scale, created by the collusion of governments, the medical industry, the education system, the media, the courts and judges, and more. Ask yourself: do you trust the medical system to give you the best treatment to restore you to health anymore? I don't. Do you trust that justice will be produced in our courts anymore? I don't. Do you believe anything you read or hear on TV, on the internet(!), or in the newspapers (if any are left), or ANYwhere? I do only if it comes from a very select group of websites that I have grown to trust. Do you think the teachers unions and many teachers really care about your kids' education and growth into responsible adulthood? Nope.

7. All businesses and especially churches would be open now, not destroyed by bureaucratic bee-ess or

about hospitals labelling any and all illness and death as "Covid" to get better funding, it is truly believable. 10. The world would recover some level of normalcy: airlines would

us to our home in heaven, where we are restored to our rightful relationship to our Father, for which He created us!

If we are not looking forward to this, maybe we should ask ourselves why. Maybe our roots are sunk a little too deep in this world, and we are self-centered and we don't want to give up what looks like the goodies available right here and now.

Yes, it's true that it's a little hard to let it go. We find ourselves grieving for this old world as it dies, for this wonderful (at one time) country

as it crumbles, for the high calling that the United States was given by God, to bring to the world His light of Truth, His care and concern, His good will and His reaching out to humanity. We are grieving a death, the death of all we have known and held dear.

The only reason not to look forward to Christ Jesus' return is that we don't want to, or are afraid to, let go. We have things we want to do, involvements we want to bring to completion, lives to live!

Let go! You're kidding yourselves if you think that there is any chance of a return to the "normal" of two years ago, not that that normal was very desirable anyway.

There will be no return to normal, only a continuing slide down the slippery slope to destruction. This is how it ends. This is when it ends. We MUST let this world go and turn to God to hear the words, "Well done, good and faithful servant. Enter into the joy of your Master."

fly, people would be able to travel, lockdowns would never happen, resettlement camps (Australia, e.g.) would NEVER happen.

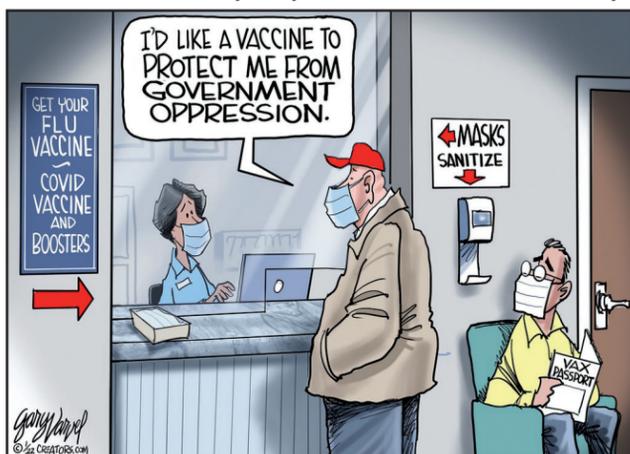

What we have been witnessing is a controlled demolition of nations, cultures, economies worldwide, in order to install the dream of this one-world government. What could be wrong with that? We all get along, our arms around each other, and sing "Kum-bay-ah" together!

Yeah, right. Who believes that? Only morons and those who have drunk Satan's Koolaid and are blinded by the Big Lie. As we were warned by Paul the Apostle:

"The coming of the lawless one is by the activity of Satan with all power and false signs and wonders, and with all wicked deception for those who are perishing, because they refused to love the truth and so be saved. Therefore God sends them a strong delusion, so that they may believe what is false, in order that all may be condemned who did not believe the truth but had pleasure in unrighteousness."

(Continuing with my notes from Pastor JD's sermon) If you are one who wants to fight to save the world and return it to "normal" or its Pre-Virus Condition (PVC), please say why. Who wants to put this world on life support? It is a dying world. It is doomed to destruction. We who are Believers in the God of the Bible have overstayed our welcome here as it is. We are living in frustration at what we see happening, both now and PVC.

Shouldn't we feel an excitement and anticipation to hear that trumpet sound that will bring us together with our Lord again? No more frustration and anxiety. No more tears, anger, resentment, jealousy. Shouldn't we take heart in the hope that Jesus promised that He would prepare a place for us with Him in heaven? I say, yes, Yes, YES!!!! I can't wait for Him to defeat all this evil and take

covering in fear of the local "health" nazis. Churches would vow to never shut their doors ever, ever again, because crisis is when God's presence is needed most.

8. All workers would return to their jobs, and employers would have enough help to serve the customers and fulfill their roles of production and customer service as they always have.

9. Hospitals would start treating patients with the best and appropriate treatments early on in their illness instead of killing them for money. I was shocked to hear JD say this, but from what we hear

"Hold Fast The Confession of our Hope. Whatever you are going through right now in this crazy mixed up and messed up world, remember that this too shall pass. Pain and suffering are only temporary and both are banned forever from our eternal home! So hold fast to our blessed hope without wavering, for some day the shout from heaven will be heard, the trump of

God will sound, the dead in Christ will rise, and we will join them to meet the Lord in the air. Perhaps even today!" [But you must have committed your life to God thru Christ Jesus in order to have this hope! - LG]
